April 8, 2021

To Whom It May Concern:

The State College Borough Water Authority will no longer be accepting BMI or New England Water Works Backflow Tester Certifications. Notice has been made available to all plumbing contractors in the area of the following change. As of January 1, 2021, SCBWA requires every Backflow tester to be ASSE certified. BMI and New England Water Works certifications will not be accepted after September 2021.

In addition to this change, effective immediately, all Backflow Report sheets must be filled out completely or SCBWA will not accept them and they will be sent back to the tester. A fillable version of the Backflow Report form is available on our website at: www.scbwa.org under Customer Service – Backflow Information.

Thank you for your cooperation. If there are any questions, please call us at (814) 238-6766 Monday through Friday between 8:00am and 4:30pm.

Sincerely
Corey Lightner
Backflow Prevention Specialist
